Fashion Product Development Brief
Checklist

Use this worksheet before requesting fashion design, technical development, sampling or production support. Complete what you know now; open decisions can be reviewed before the scope is confirmed.

1. Brand and contact

Brand / company name	Contact name and role
Email and WhatsApp	**Website / social profile**

2. Required service route

Select the closest route. Zameett will confirm the appropriate scope after reviewing the brief.

- ☐ Fashion design / concepts
- ☐ Textile print development
- ☐ Prototype or fit sample
- ☐ Production management
- ☐ Technical flats / tech pack
- ☐ Fabric and trim sourcing
- ☐ Modest-wear sampling / manufacturing
- ☐ Not sure - recommend a route

3. Collection outline

Product category	Number of styles
Required quantity by style / colour	**Target sizes**
Target market / country	**Preferred delivery date**
Target retail price / project budget	**Expected sales channel**

4. Product and material decisions

Mark what is confirmed and explain anything that affects cost, coverage, comfort, performance or compliance.

- ☐ Reference images available
- ☐ Original sketches available
- ☐ Existing tech pack available
- ☐ Physical sample available
- ☐ Fabric selected
- ☐ Colour standards selected
- ☐ Trims / labels selected
- ☐ Packaging selected
- ☐ Embellishment or print needed
- ☐ Modesty / coverage requirements
- ☐ Performance or care requirements
- ☐ Pattern / grading files supplied, if available

Key garment details, materials and non-negotiable requirements

5. Files to share

- ☐ PDF brief
- ☐ JPG / PNG references
- ☐ Sketches or technical flats
- ☐ Existing AI / tech-pack files
- ☐ Measurement chart
- ☐ Pattern files, if already available
- ☐ Brand guidelines
- ☐ Drive / WeTransfer folder

Keep website uploads small. For large files, send a restricted Drive or WeTransfer link and remove access after review.

6. Commercial and approval checkpoints

- ☐ Budget approved internally
- ☐ Decision maker identified
- ☐ Revision allowance understood
- ☐ Sample approval required
- ☐ Bulk approval required
- ☐ Project-specific MOQ conditions noted
- ☐ Shipping and customs reviewed
- ☐ NDA required before sharing

Questions, risks or approval requirements

7. Before you submit

- ☐ I have stated the correct style count and quantity
- ☐ I have stated a realistic required date
- ☐ I understand that MOQ is project specific
- ☐ I will review the proposal's inclusions and exclusions
- ☐ I will not treat inspiration images as owned artwork
- ☐ I will confirm approvals in writing

Saudi Arabia and GCC Project Notes

Use this optional market module when the collection is intended for Saudi Arabia or another GCC destination. It supports a clearer brief; it does not replace current regulatory, customs, tax or legal advice.

8. Market and customer decisions

- ☐ Target country, city and channel named
- ☐ Customer and use occasion defined
- ☐ Indoor / outdoor conditions considered
- ☐ Fabric, lining, opacity and care reviewed
- ☐ Coverage, movement and length reviewed
- ☐ Size and length evidence identified
- ☐ Arabic / English information owner named
- ☐ Importer, freight and duties owner named
- ☐ SAR retail and landed-cost assumptions noted
- ☐ Sample and revision approval owner named

Market, customer, city, channel and use occasion	Launch window and timing assumptions

Coverage, opacity, climate and material requirements	Size, garment length and measurement evidence

Arabic / English product information, labels and packaging	Importer, freight, duties and final destination

9. Verification before sale

Confirm current Saudi requirements for the actual product and commercial route with the relevant authorities, importer and qualified advisers. Record who owns each check instead of assuming the supplier or designer covers it.

- ☐ Import and customs route checked
- ☐ Textile and product rules checked
- ☐ Fibre, care and origin information checked
- ☐ Consumer and tax responsibilities checked
- ☐ Packaging and language route checked
- ☐ Evidence and approval owner recorded

SCOPE NOTE

Zameett is based in Pakistan and works with international projects. Capability, sample stages, supplier roles, manufacturing MOQ, costs, delivery assumptions and responsibilities are confirmed for the specific project before payment.
